

NOAA | Nite in Mukilteo

NOAA
FISHERIES
Northwest Fisheries
SCIENCE CENTER

Thursday, November 6, 2014
Rosehill Community Center
304 Lincoln Ave.
Mukilteo, WA 98275

Our goal for this event is to advance relationships among NOAA, the Mukilteo community, scientific collaborators, and site development partners. Hosted by NOAA but featuring content from NOAA, scientific collaborators, site development stakeholders, and local political leaders, the event will use short presentations, posters, and mixing sessions to: 1) communicate NOAA's current activity and future vision for the site, 2) make the public aware of the bigger picture of the waterfront site, and 3) provide a "meet and greet" opportunity for all attendees.

4:30-5:30 Doors open and mixing with scientists

5:30-7:50 Presentations

- 5:30-5:35 Welcome (Mark Strom, NOAA)
- 5:35-5:38 Agenda overview and MC, introduce the Mayor (*Casey Rice, NOAA*)
